

Appendix F. Section 4(f) Information

Appendix F – Section 4(f) Information

The following table describes recreational resources within the SR 303L Study Area that were excluded from Section 4(f) consideration.

Table F1. Recreational resources excluded from Section 4(f) consideration

Potential Section 4(f) property	Reason for exclusion	Reference
School facilities		
Cimarron Springs Elementary School	Outdoor recreational amenities are not available for walk-on public use after school hours	Field visits on January 17, 2008, and March 18, 2008
E-Institute Charter School	No outdoor recreational amenities	Field visit conducted after school hours on January 15, 2008
Phoenix Christian Unified School	Private school	Field visit on May 28, 2008
Future Prasada School	Not platted, not owned by school district	Personal communication with Vern Wolfley, Senior Planner at Dysart Unified School District on February 25, 2008
Future Sycamore Farms School	Not platted, not owned by school district	Personal communication with Vern Wolfley, Senior Planner at Dysart Unified School District on February 25, 2008
Future school (Woolf property)	Not platted, not owned by school district	Personal communication with Vern Wolfley, Senior Planner at Dysart Unified School District on February 25, 2008
Golf courses		
Cimarron Golf Course	Public course, but privately owned	Maricopa County Assessor's Web site, accessed on January 14, 2008
Desert Springs Golf Course	Public course, but privately owned	Maricopa County Assessor's Web site, accessed on January 14, 2008
Desert Trails Golf Course	Public course, but privately owned	Maricopa County Assessor's Web site, accessed on January 14, 2008
Granite Falls Golf Course	Public course, but privately owned	Maricopa County Assessor's Web site, accessed on January 14, 2008
Great Eagle Golf Course	Public course, but privately owned	Maricopa County Assessor's Web site, accessed on January 14, 2008
Recreation Centers of Sun City West (golf courses)	Private	Maricopa County Assessor's Web site, accessed on January 14, 2008
Trail Ridge Golf Course	Public course, but privately owned	Maricopa County Assessor's Web site, accessed on January 14, 2008
Tuscany Falls Golf Course	Public course, but privately owned	Maricopa County Assessor's Web site, accessed on January 14, 2008

Table F1. Recreational resources excluded from Section 4(f) consideration (*continued*)

Potential Section 4(f) property	Reason for exclusion	Reference
<i>Trails</i>		
City of Surprise trails	According to the City of Surprise <i>Parks and Recreation Master Plan</i> , trails south of McMicken Dam (an area including the Study Area) would be focused on city collector streets. This indicates that trails would likely be used as alternative transportation (not primarily recreation). The Circulation Element of the <i>Surprise General Plan</i> also indicates that off-road multiuse paths would provide improved circulation and that trails would connect neighborhoods to the city's growth area.	City of Surprise, 2004, <i>Parks and Recreation Master Plan</i> City of Surprise, 2005, <i>Surprise General Plan</i>
City of Goodyear proposed multiuse and equestrian multiuse path	This path is constructed on the Roosevelt Canal maintenance roads. The primary purpose of the land is maintenance and operation of the canal system. Any other use, including recreation, would be secondary.	Stan Ashby, Roosevelt Irrigation District Superintendent, e-mail dated January 3, 2008 City of Goodyear <i>General Plan</i> , 2003
City of Goodyear proposed multiuse trail, located just south of McDowell Road	The conceptual trail alignment runs through property that is currently owned by Goodyear Market Place or the Flood Control District of Maricopa County (FCDMC), or is in private ownership. The conceptual trail alignment is shown in the Circulation Element of the <i>General Plan</i> and is discussed as nonmotorized circulation or alternative transportation. Furthermore, the trail seems to run between planned residential development and the Goodyear Market Place. Therefore, the trail is not primarily recreational. Also, trails on FCDMC land are not primarily recreational.	Maricopa County Assessor's Web site, accessed on January 17, 2008 City of Goodyear <i>General Plan</i> , 2003 Timothy S. Phillips, PE, FCDMC Chief Engineer and General Manager, letter dated June 21, 2007
City of Goodyear proposed multiuse trail, located just south of Camelback Road.	The conceptual trail alignment runs through property currently held in private ownership. Preliminary discussions with the City of Goodyear indicate that, in most cases, the developer will be responsible for the creation and maintenance of trails. Specific information about this trail is pending.	Maricopa County Assessor's Web site, accessed on January 17, 2008 City of Goodyear <i>General Plan</i> , 2003 David Kanning, City of Goodyear Planner, personal communication on January 16, 2008
Segment 11 of the Maricopa County Regional Trails System	This segment is built on land owned by FCDMC. The primary purpose of FCDMC land is flood control, not recreation.	Timothy S. Phillips, PE, FCDMC Chief Engineer and General Manager, letter dated June 21, 2007

(continued on next page)

Table F1. Recreational resources excluded from Section 4(f) consideration (*continued*)

Potential Section 4(f) property	Reason for exclusion	Reference
<i>Trails (continued)</i>		
Segment 69 of the Maricopa County Regional Trails System	This path is constructed on the Roosevelt Canal maintenance roads. The primary purpose of the land is maintenance and operation of the canal system. Any other use, including recreation, would be secondary.	Stan Ashby, Roosevelt Irrigation District Superintendent, e-mail dated January 3, 2008 City of Goodyear <i>General Plan</i> , 2003
Segment 114 of the Maricopa County Regional Trails System	According to the Maricopa County Regional Trails System Plan, “this segment is Northern Avenue. This corridor was included as a potential future route based on plans to widen Northern Avenue into a super street. Maricopa County Department of Transportation will determine the feasibility of trail placement as part of this project.” The plan states that the trail system will be a major component of the multimodal transportation system in the Valley. Because this segment is located along Northern Avenue, it will serve an alternative transportation function and, thus, is not a Section 4(f) property.	<i>Maricopa County Regional Trails System Plan</i> , 2004

Re: Project Name: State Route 303L (Interstate 10 to US 60)
ADOT Project No. 303 MA 003 H5621 01L
Federal-Aid Project No. NH-303-A(AFY)

Dear Mr. Coronado:

The Arizona Department of Transportation (ADOT), in coordination with the Federal Highway Administration, is gathering information for environmental studies associated with the proposed State Route 303 Loop (SR 303L) improvements from Interstate 10 (I-10) to United States Route 60 (US 60). The project would involve adding lanes to SR 303L; building traffic interchanges to connect SR 303L with I-10, the proposed Northern Parkway, and US 60; and implementing a mid-mile alignment shift of Northern Avenue to the north (Study Area map is included for your reference).

The Study Area traverses unincorporated areas of Maricopa County and the municipalities of Goodyear, Glendale, and Surprise. Existing SR 303L is on the west side of the Phoenix metropolitan area, approximately 20 miles west of downtown Phoenix. The Study Area for the proposed improvements extends approximately 1.5 miles on each side of the existing SR 303L. The Study Area begins on the north side of I-10 at milepost (MP) 3.9 and extends north to 300 feet north of US 60 at MP 21.3. The overall length of the Study Area is about 17 miles.

As part of the environmental study for this project, an inventory of existing and planned publicly owned recreational properties located within the Study Area need to be identified. These properties typically include parks, trails, school playgrounds, and waterfowl and wildlife refuges. Planned facilities that are documented (i.e., by a site plan) should also be noted.

Currently no public parks, waterfowl or wildlife refuges, or city-owned trails have been identified within ¼ mile of the Study Area. Please confirm these findings with a short letter or e-mail (information provided below). If there are planned facilities, please provide the address, Maricopa County assessor parcel number, and, in the case of planned parks or other recreational properties, a copy of the site plan, if available. Additionally, please indicate whether the City has any properties within the Study Area that were purchased with Land and Water Conservation Funds and, specifically, the allocation of those funds (i.e. planning, site development, furniture, etc.).

Please note that the National Environmental Policy Act requires separate administrative records for each individual project (i.e., if you have provided information for other projects in the past such as the South Mountain Transportation Corridor project, coordination with the City is also required for this project).

Re: Project Name: State Route 303L (Interstate 10 to US 60)
ADOT Project No. 303 MA 003 H5621 01L
Federal-Aid Project No. NH-303-A(AFY)

Dear Mr. Coover:

The Arizona Department of Transportation (ADOT), in coordination with the Federal Highway Administration, is gathering information for environmental studies associated with the proposed State Route 303 Loop (SR 303L) improvements from Interstate 10 (I-10) to United States Route 60 (US 60). The project would involve adding lanes to SR 303L; building traffic interchanges to connect SR 303L with I-10, the proposed Northern Parkway, and US 60; and implementing a mid-mile alignment shift of Northern Avenue to the north (Study Area map is included for your reference).

The Study Area traverses unincorporated areas of Maricopa County and the municipalities of Goodyear, Glendale, and Surprise. Existing SR 303L is on the west side of the Phoenix metropolitan area, approximately 20 miles west of downtown Phoenix. The Study Area for the proposed improvements extends approximately 1.5 miles on each side of the existing SR 303L. The Study Area begins on the north side of I-10 at milepost (MP) 3.9 and extends north to 300 feet north of US 60 at MP 21.3. The overall length of the Study Area is about 17 miles.

As part of the environmental study for this project, an inventory of existing and planned publicly owned recreational properties that are located within the Study Area need to be identified. These properties typically include parks, trails, school playgrounds, and waterfowl and wildlife refuges. Planned facilities that are documented (i.e., by a site plan) should also be noted.

Initial research indicates that there are no Maricopa County parks in the Study Area and that Segments Eleven, Seventy, Seventy Six, Sixty-Nine, and One Hundred and Fourteen of the Maricopa County Regional Trails System cross the Study Area. Our environmental consultant, HDR Engineering, Inc., currently has GIS data for Maricopa County trails (provided by the County in 2004); however, they do not have locations of designated access points to the segments. We realize that most of these trails are still in the planning stages and access points may not yet be determined. Please provide the locations of the access points, if available, and indicate if any Land and Water Conservation Funds were applied to the acquisition or development of the trail segments, and the specific purpose (i.e., planning, grading, furniture, etc).

Re: Project Name: State Route 303L (Interstate 10 to US 60)
ADOT Project No. 303 MA 003 H5621 01L
Federal-Aid Project No. NH-303-A(AFY)

Dear Dr. Pletnick:

The Arizona Department of Transportation (ADOT), in coordination with the Federal Highway Administration, is gathering information for environmental studies associated with the proposed State Route 303 Loop (SR 303L) improvements from Interstate 10 (I-10) to United States Route 60 (US 60). The project would involve adding lanes to SR 303L; building traffic interchanges to connect SR 303L with I-10, the proposed Northern Parkway, and US 60; and implementing a mid-mile alignment shift of Northern Avenue to the north (Study Area map is included for your reference).

The Study Area traverses unincorporated areas of Maricopa County and the municipalities of Goodyear, Glendale, and Surprise. Existing SR 303L is on the west side of the Phoenix metropolitan area, approximately 20 miles west of downtown Phoenix. The Study Area for the proposed improvements extends approximately 1.5 miles on each side of the existing SR 303L. The Study Area begins on the north side of I-10 at milepost (MP) 3.9 and extends north to 300 feet north of US 60 at MP 21.3. The overall length of the Study Area is about 17 miles.

As part of the environmental studies for this project, existing and planned publicly owned recreational properties that are located within the Study Area need to be identified. These properties typically include parks, trails, school playgrounds, and waterfowl and wildlife refuges. School grounds available for walk-on public recreational use and planned facilities that are documented (i.e., by a site plan) will be considered in this environmental study.

Please complete the questionnaire below and identify any existing or planned schools that are or would be located within the Study Area. If your district has no existing or planned schools within the boundaries of this study, the questionnaire must still be completed and included in the project record. Please note that the National Environmental Policy Act requires separate administrative records for each individual project (i.e., if you have provided information for other projects in the past such as the South Mountain Transportation Corridor project, coordination with your district is also required for this project).

To ensure that we are identifying all possible Section 4(f) properties within the Study Area, please provide responses to the following questions.

1a. Do any of your District's existing schools fall within the Study Area?

Yes ☐ No ☐

1b. If yes, please list the names and addresses of the schools.

School Name	Address

2. What outdoor recreational facilities (play structures, baseball diamonds, etc.) are available at the school?

School Name	Recreational Facilities
	Baseball/softball <input type="checkbox"/> Basketball <input type="checkbox"/> Football <input type="checkbox"/> Soccer <input type="checkbox"/> Play structure <input type="checkbox"/> Tennis <input type="checkbox"/> Volleyball <input type="checkbox"/> Swimming <input type="checkbox"/> General athletic field <input type="checkbox"/> Other _____
	Baseball/softball <input type="checkbox"/> Basketball <input type="checkbox"/> Football <input type="checkbox"/> Soccer <input type="checkbox"/> Play structure <input type="checkbox"/> Tennis <input type="checkbox"/> Volleyball <input type="checkbox"/> Swimming <input type="checkbox"/> General athletic field <input type="checkbox"/> Other _____
	Baseball/softball <input type="checkbox"/> Basketball <input type="checkbox"/> Football <input type="checkbox"/> Soccer <input type="checkbox"/> Play structure <input type="checkbox"/> Tennis <input type="checkbox"/> Volleyball <input type="checkbox"/> Swimming <input type="checkbox"/> General athletic field <input type="checkbox"/> Other _____
	Baseball/softball <input type="checkbox"/> Basketball <input type="checkbox"/> Football <input type="checkbox"/> Soccer <input type="checkbox"/> Play structure <input type="checkbox"/> Tennis <input type="checkbox"/> Volleyball <input type="checkbox"/> Swimming <input type="checkbox"/> General athletic field <input type="checkbox"/> Other _____
	Baseball/softball <input type="checkbox"/> Basketball <input type="checkbox"/> Football <input type="checkbox"/> Soccer <input type="checkbox"/> Play structure <input type="checkbox"/> Tennis <input type="checkbox"/> Volleyball <input type="checkbox"/> Swimming <input type="checkbox"/> General athletic field <input type="checkbox"/> Other _____

3. Do groups other than students have access to the school's recreational facilities after school hours?

Yes ☐ No ☐

4. Are the school's recreational facilities fenced and locked after school hours?

Yes ☐ No ☐

5. Is advanced notice required for groups to access recreational facilities?

Yes ☐ No ☐

6. Is advanced notice required for individuals to access recreational facilities?

Yes ☐ No ☐

7. How are recreational facilities accessed? For example, what streets provide access? Do people have to cross a parking lot(s) to access the recreational amenity?

School Name	Streets Providing Access	Parking Lot Crossing Needed to Reach Recreational Facilities?
		Yes <input type="checkbox"/> No <input type="checkbox"/> If yes, which streets access the parking lot(s)? _____
		Yes <input type="checkbox"/> No <input type="checkbox"/> If yes, which streets access the parking lot(s)? _____
		Yes <input type="checkbox"/> No <input type="checkbox"/> If yes, which streets access the parking lot(s)? _____
		Yes <input type="checkbox"/> No <input type="checkbox"/> If yes, which streets access the parking lot(s)? _____
		Yes <input type="checkbox"/> No <input type="checkbox"/> If yes, which streets access the parking lot(s)? _____

8. Does your District have any planned schools within the Study Area?

Yes ☐ No ☐

8b. If yes, please list the names, if known, the Maricopa County assessor's parcel number (APN), and the property cross streets.

School Name	APN	Cross Streets

9. Is the property for the planned school currently owned by the school district?
 Yes ☐ No ☐

9b. If no, is the school district still in negotiation as to the specific site for the school (i.e., optioning period with developer)?
 Yes ☐ No ☐

10. Is a site plan identifying proposed recreational facilities for planned schools currently available for our use? If yes, please provide a copy.
 Yes ☐ No ☐

10b. If no, approximately when will a specific site be finalized?

11. What recreational facilities are proposed for planned schools?

Planned School Name	Planned Recreational Facilities
	Baseball/softball <input type="checkbox"/> Basketball <input type="checkbox"/> Football <input type="checkbox"/> Soccer <input type="checkbox"/> Play structure <input type="checkbox"/> Tennis <input type="checkbox"/> Volleyball <input type="checkbox"/> Swimming <input type="checkbox"/> General athletic field <input type="checkbox"/> Other _____

HDR
3200 East Camelback Road, Suite 350
Phoenix, Arizona 85018-2311

Dear Ms. Unger:

Thank you for your e-mail regarding Flood Control District (District) property and recreational uses. In your e-mail you asked if the District makes its property available for recreational uses such as trails. The primary use of the District's property is for flood control purposes. However, we have worked with cities and counties to provide some trails and amenities on our property as part of a regional master trails system. The city or town that is sponsoring this use must take all liability for the recreational use and the use must not interfere with any flood control project. The District does not allow motorized vehicles on their property for any recreational use because of fugitive dust issues and damage to structures and vegetation.

Thank you for your inquiry and if you have any questions or need additional information, please contact Dianna Cunningham at 602-506-4748.

Sincerely,

A handwritten signature in black ink, appearing to read "Timothy S. Phillips".
